

Atty. Dkt. No. 057898-0102

REMARKS

Applicants had an interview with the examiner on June 14 during which applicants' attorney discussed the distinction of the claims over the prior art Geer and Kitchen patents based on the arguments provided in its most recent amendment.

Additionally, the 35 USC 101 rejection of serial number 09/676,956 was discussed and the examiner recommended changing the preamble for all of the program product claims in this case to recite a computer-readable medium.

By this Supplemental Amendment claims 75 and all claims dependent thereon have been amended to add "computer-readable medium" to the preambles thereof. Note that the language relating to a "set" of media has been deleted to make the language congruent with the change to the preamble. However, the claim covers the computer-readable medium, whether it is implemented on one or many discs.

In view of the foregoing amendments and remarks, the application is ready for allowance.

Applicant believes that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested.

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741. If any extensions of time are needed for timely acceptance of papers submitted herewith, Applicant hereby petitions for such extension under 37 C.F.R. § 1.136 and authorizes payment of any such extensions fees to Deposit Account No. 19-0741.
